### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

#### ***Amendment***

Authorization for this examiner's amendment was given in a telephone interview with Mr. Jonathan Scherer on 6/9/2006.

The application has been amended as follows:

Claim 1 has been amended to read:

--1. Furniture assembly device for assembling two parts of furniture together, said furniture assembly device comprising:

a U-shaped box including holes in its wings to fit setscrews from the box to one of the two parts of the furniture to be assembled and holes to insert rear ends of pivots to an inside of the box, which are secured to the other part of the two parts of the furniture to be attached,

a handle fitted inside the box moveable lengthways between an inoperative position and an operative position, the handle including holes to insert heads of the pivots, mounting holes to insert the pivots while the handle slides to the operative position, oval holes to insert setscrews and lower wedges that drive the heads of the

pivots as the handle moves to the operative position, bringing the two parts of the furniture, to be assembled together,

means for moving the handle on the inside of the box,

a lid to close the box, and additional closing means for securing the lid to the box in a stable manner to ensure the handle slides on the inside of the box without any kind of interference, the additional closing means on the lid consists of slots on one wing of the lid to set tabs on the box in a closed position and a threaded hole on another wing of the lid to insert a setscrew that secures the lid by pressing an end down on an end piece of the box.—

Claim 3 line 2, “U”-shaped ” has been changed to -- U-shaped --

Claim 5 has been amended to read:

-- 5. Device, according to Claim 1, wherein the additional closing means included in the box includes tabs to finish one of the ends of both wings and an end piece to close an existing opening between the wings and a center of the box close to the other end of the wings.--

The following is an examiner's statement of reasons for allowance:

The prior art, particularly Kruger (US 6,250,842) and Lasmarigues (GB 1,176,175) shows various furniture assembly devices. The prior art does not teach or suggest the combination of features claimed. For example, the prior art does not
